PEOPLE

Esther (Architect): "Mediclinics Behind The Mirror solutions allow me to create open-plan, minimalist, elegant and highly functional bathroom spaces."

Vicent (Contractor): "Mediclinics Behind The Mirror accessories are very easy to install and maintain."

Lucy (Owner): "With the Mediclinics Behind The Mirror solutions we save a lot of electrical energy and also plenty of soap and water."

Mark (User): "I'd rather don't touch objects in a public bathroom. Hiding hand washing and drying items behind the mirror, to avoid contact, seems like a great idea to me."
