

EASY 1000 TOUCH-FREE ELECTRONIC LAVATORY FAUCET

SPECIFICATIONS

Touch-free electronic lavatory faucet, activated by an infrared sensor. For hot and cold water. Available with an external 9V battery or a 9V transformer. Filters included. One piece solid brass body for added vandal resistance. Sensor settings adjustable by optional remote control. Other sensor settings (delay in, delay out, security time) can also be adjusted by remote control. The faucet will automatically shut off after 90 seconds of use. Includes a low battery level indicator.

OPERATION

Touch-free electronic faucet operated by an infrared sensor. The faucet automatically activates when

users place their hands within sensor range and stops when they remove them from the sensor range.

APPLICATION

Deck-mounted faucet combining an elegant design with anti-vandal features. Helps washrooms cleanliness, saves water and prevents cross contamination. Ideal for transportation hubs, train and bus stations, highway rest stops and stadiums.

PRODUCT AT A GLANCE
